7-Day Luxury Great Migration Safari in Serengeti – River Crossing Wildlife Tour

Tanzania

Overview:

This 7-Day Luxury Great Migration Safari in Serengeti – River Crossing Wildlife Tour is a very special tour that concentrates in the Serengeti, to follow the great migration. You will spend at least 4 nights in the park, usually two in the Central Area (largest concentration of big cats) and two where the migration is according to the time of the year. We have designed this particular tour so that you finish the safari in the most remote location in the Serengeti, and then fly from there to your next destination. But we can redesign it to return to Arusha by land.

Itinerary in Detail:

DAY 1: Lake Manyara National Park

You'll be picked up from your hotel at 8 am and start a beautiful journey across the Great Rift Valley for a full-day game drive. Although small in dimension (205 sq miles), the park has breathtaking scenery and is well famous for its lush acacia forest, giant figs and mahogany trees, as well as to a growing population of baboons and blue monkeys. Permanent residents of this park also include giraffes, elephants, impalas and a huge amount of buffaloes. The lake is also home to a large number of hippos. The game drives along the lake provide stunning photo opportunities of giraffes and buffaloes in the foreground and the lake in the background. Some extra tours are possible, including a bike tour or a boat excursion. In the afternoon, you'll return to the camp for dinner.

There is the possibility to downgrade or upgrade your accommodation level.

NOTE: You can replace this park with Tarangire NP or add an extra day and visit both.

Accommodation: Arusha Planet Lodge

DAY 2: Ngorongoro Crater

Ngorongoro Crater is considered one of the Wonders of the Natural World. The crater spreads for 102 sq miles and has 2,000 ft high walls, making it virtually Noah's ark and inhabiting almost every species of wildlife that is indigenous to East Africa. It's one of the very rare locations in the whole continent where you can witness the black rhino. The crater has a river, several swamps, a soda lake with a great concentration of flamingos, a forest and open plains. It's also famous for its elephants which are the largest in the world and have huge tusks. Ngorongoro Crater is truly a Wonder of the Natural World.

We will start the day very early with a transfer to Ngorongoro Conservation Area. We will descend into the crater floor for an incredible morning of wildlife in one of the most stunning places on earth. After a fantastic afternoon game drive, ascend the crater and transfer to your accommodation.

There is the possibility to downgrade or upgrade your accommodation level.

Accommodation: Ngorongoro Lion's Paw Camp

DAY 3: Serengeti National park (Central)

After an early breakfast, depart towards the most famous National park in the World, the Serengeti. The driving itself, although long, is spectacular. This will be an unforgettable moment for anyone seeing it for the first time. As you progress well into the Serengeti, you will see why the name means, in the local language, "endless plains". The park has 6,900 sq miles (18,000 sq km) and for most of it, the plains will stretch to the horizon defying your senses and perception of distances. It is the home of the Great Migration and to 2 million wildebeests, hundreds of thousands of zebras and all kinds of antelopes. As for big cats and large predators, it's the place of choice to look out for lions, cheetahs, leopards, hyenas, with many television scenes like the famous River Crossings having been filmed in this park.

There is the possibility to downgrade or upgrade your accommodation level.

Accommodation: Meliá Serengeti Lodge

DAY 4: Serengeti National Park (Central)

You'll have a full day in the Serengeti National Park. We are completely flexible with your preferences and this day will be organized according to your wishes. On every day of the safari, your guide will discuss with you the best timings for you, including the game drives and the wake-up time. For example, on this day, you could do a morning game drive, return to the camp for lunch and relaxation and finish with an afternoon game drive. Alternatively, you could do a full-day game drive with a picnic lunch.

There is the possibility to downgrade or upgrade your accommodation level.

Accommodation: Meliá Serengeti Lodge

DAY 5-6: Serengeti National Park (Following the Great Migration)

On these two incredible days, you will be driven across remote locations within the vast Serengeti plains in pursue of the Great Migration. The areas you visit depend on the time of the year and could be as far as the remote North of the Serengeti near the border with Kenya, or could be in the South (Ndutu Area) or even in the Western part of the park.

There is the possibility to downgrade or upgrade your accommodation level.

Accommodation: Nasikia Mobile Migration Camp (Kogatende)

DAY 7: Flying Out of The Serengeti

On this day, we suggest a very early wake-up in order to do an early morning game drive (when the animals are more active) and see one of the best sunrises you'll ever witness. It's really one of the most beautiful experiences to have. After the game drive, we will return to the camp for a rewarding brunch. Afterward, we'll proceed to the airstrip for your flight back to Arusha, or whatever your next amazing destination might be (i.e. Zanzibar). Alternatively, instead of this early morning game drive, you may choose to stay at the camp for a bit of relaxation.
